

Contract Position – Recycling Attendant

The Multi-Materials Stewardship Board (MMSB) is looking to contract a recycling attendant in the Labrador Straits area for its Used Beverage Container Recycling Program. This position will support collection events for beverage container recycling at a facility in L'Anse au Loup. These events will be held on alternating Saturdays twice a month, with additional events or support planned if required. The attendant will also be required to assist with loading a transport truck on a biweekly basis or as required.

This is a temporary contract position located in the Labrador Straits area that will report to the Field Operations Officer.

Duties Required:

- Assist customers with dropping off and labeling recycling bags.
- Record inventory of dropped off bags.
- Move material to the storage area.
- Organize storage area.
- Assist with loading a transport truck with recycling on site.
- Providing the cleaning for the building.
- Act as site contact for maintenance issues.
- Assist support for maintenance of technology to support drop-offs.
- Act as liaison with trucking contractor to schedule required pickups.
- Other duties as assigned.

Education and Experience Requirements:

- Secondary School (Preferred)

Skills Required:

- Ability to lift 20 pounds.
- Previous retail or warehousing an asset but not essential.

Compensation:

- 37.50/hour

To Apply:

- Interested candidates may send resumes to: resumes@mmsb.nl.ca
- Only candidates selected for an interview will be contacted.
- Applications will continue to be accepted until the position is filled.

About Us:

MMSB is a Crown agency of the Government of Newfoundland and Labrador established to support and promote sustainable waste management through the development and implementation of public education and waste diversion programs. MMSB is an equal opportunity employer.
